

Your README should be written using Markdown.

You should upload your Markdown file to your Github account, along with your project.

Send a link to your GitHub account to johnathan.niziol@mitt.ca

You should submit your README prior to 3:15 PM, April 16th.

Please refer to the README rubric for evaluation Criteria

README Assignment

Write your own README for your JavaScript project 'Concentration', the matching game you created in Software Developer 110 - Javascript Basics.

As we've seen, README's are an important part of software documentation to provide your users with a simple high level guide to how to use your software.

Your README must contain the following:

- Your Project Name
 - The name of your project, followed by a brief introduction/information about your project.
- An Image of your Project
- Parts of Your Game
- How To Guide
 - A step by step guide on how to use/how to play your game. These instructions should include at least 1 image.
- Issues
 - Any known issues with your game
- Author
